

## (i) THE SELECTED FELLOWS FOR THE 2018/19 LEADERS IN INNOVATION FELLOWSHIP (LIF) PROGRAMME

NAME	TITLE OF THE INNOVATION	SECTOR
1. <b>Anthony Karimi Muthungu</b>	AlexKayn: A solution to increase mobility, productivity and independence of visually impaired.	Health
2. <b>Bryan Dawson Wachira Mwangi</b>	Pyro-degrade Waste management: A solution for plastic waste management and access to affordable, reliable and sustainable energy.	Environment and Energy
3. <b>Edwin Mugendi Riungu</b>	Online Enterprise Resource Planning (ERP) software	ICT
4. <b>Jack Omondi Oyugi</b>	Water hyacinth to high value protein for animal feed	Agriculture & Food Security
5. <b>Joy Nyawira Riungu</b>	Paradigm shift in human faecal matter handling	Health and Sanitation
6. <b>Justine Nyaruri Abuga</b>	Ecobora Joto Jiko	Energy
7. <b>Kevin Mureithi Maina</b>	Eco tiles -Greener building material from plastic waste and glass	Housing Technology
8. <b>Pascal Omolo Aloo</b>	The Save Machine	ICT & Water
9. <b>Peter Gichuhi Mwethera</b>	UniPron, Smugel and Smuscan gels	Health
10. <b>Peter Mwangi Njeri</b>	Plastic waste to clean and affordable cooking gas	Renewable energy
11. <b>Richard Arwa</b>	Super Moto- A liquid bio ethanol energy developed from cellulose waste materials	Energy
12. <b>Samuel Wanderi Rigu</b>	Safi organics Sarvi fertilizers	Agriculture
13. <b>Samwel Kimani Mwaniki</b>	Practical Utility Vehicle: A multi-purpose utility vehicle designed as a solution for farmers to maximize their agricultural production needs.	Agriculture
14. <b>Wilson Matumbi Gichuru</b>	Buji Drones: Data mapping technological solution harnessing Kenya's potential in the fourth industrial revolution	ICT

**(ii) THE SELECTED FINALISTS FOR THE 2018/19 NATIONAL INNOVATION AWARD**

<b>Name of Innovator</b>	<b>Title of Innovation</b>	<b>Category</b>
<b>1. Alfred Orina Isaac</b>	Ubiquinone pharmaceutical formulation Blocks Arsenic Poisoning In Water, Medicine, Food and Environment	Health
<b>2. Donatus Ndung'u Njoroge</b>	Molepse Bio-resources- Plant derived Bio-Pesticide to protect stored grains against Weevils	Agriculture, Food Technologies and Food Security
<b>3. Anncarol Karanja</b>	Get rid of garbage heaps instantly- Enhanced degradation of solid waste using some Microbial products	Environment and Housing Technologies
<b>4. Allan Cheruiyot Mining</b>	Smart Gas Verification System	Energy Systems
<b>5. Jamleck Wainaina Kabuba</b>	Computer Numeric Control machine	Manufacturing, Engineering and ICT
